Second Announcement

The 33rd Annual Meeting of the Thai Society for Biotechnology and International Conference

Innovative Biotechnology: Driving Solutions for SDGs

November 25, 2021
Hybrid Conference

Important Dates

Deadline	Date
Open for registration	June 25, 2021
Deadline for Abstract/ Full paper submission	~~August 31, 2021~~ **September 20, 2021**
Notification of Abstract/ Full paper acceptance	~~September 25, 2021~~ **October 15, 2021**
Deadline for payment	~~October 10, 2021~~ **October 25, 2021**
Deadline for VDO submission	~~November 1, 2021~~ **November 15, 2021**
TSB2021 Conference	November 25, 2021

Conference Sessions

1. Advanced molecular and medical biotechnology
2. Biotechnology trends and innovation
3. Functional food and agricultural biotechnology
4. Innovative bioenergy, biomaterials and biochemicals
5. Sustainable environment and value-added of wastes
6. Other related topics

The authors can choose to submit the papers to ANRES or APST.

Joint Industrial session by Food Innopolis@Kasetsart

"Biotechnology: a key success driver of sustainability and innovation of Thai food industry"

FoodInnopolis @KASETSART

Registration Fee:

	Thai participant:	International participant:
TSB/AFOB/EFB member	THB2,500	$100
Non-TSB/AFOB/EFB member	THB3,500*	$130
Student	a) THB1,500 b) THB2,000*	$60

Note: * Free TSB lifetime membership
1. Presenters can choose to submit either the abstract or full paper
2. One presenter one paper only

Tentative Program

Session	Program
Morning	• Opening ceremony • Keynote speakers • Taguchi Prize announcement and presentation • Ajinomoto Lecture announcement and presentation
Afternoon	• 6 parallel sessions
	• Joint Industrial session by Food Innopolis@Kasetsart

Keynote Speakers & Invited Speakers

Prof. Samir Kumar Khanal
University of Hawaii at Manoa, USA

Prof. Nils Kåre Birkeland
University of Bergen, Norway

Session: Biotechnology Trends and Innovation
Prof. Aoyagi Hideki
University of Tsukuba, Japan

Session: Biotechnology Trends and Innovation
Prof. Hui-Min David Wang
National Chung Hsing University, Taiwan

Session: Sustainable Environment and Value-added of Wastes
Prof. Benjamas Cheirsilp
Prince of Songkla University, Thailand

Session: Sustainable Environment and Value-added of Wastes
Invited Speakers: **Dr. Nahrul Hayawin Binti Zainal**
Malaysian Palm Oil Board, Malaysia

Session: Functional Food and Agricultural Biotechnology
Invited Speakers: **Dr. Sage Chaiyapechara**
National Center for Genetic Engineering and Biotechnology (BIOTEC)

Prof. Nils Kåre Birkeland
University of Bergen, Norway

Session: Advanced Molecular and Medical Biotechnology
Prof. Wanwipa Vongsangnak
Kasetsart University, Thailand

Session: Advanced Molecular and Medical Biotechnology
Prof. I-Son Ng
National Cheng Kung University, Taiwan

Session: Innovative Bioenergy and, Biomaterials and Biochemicals
Prof. Wei-Cheng Wang
National Cheng Kung University, Taiwan

Session: Innovative Bioenergy and, Biomaterials and Biochemicals
Invited Speakers: **Assoc.Prof. Mohamad Faizal Ibrahim**
Universiti Putra Malaysia, Malaysia

Session: Functional Food and Agricultural Biotechnology
Invited Speakers: **Dr. Ruengwit Sawangkeaw**
The Institute of Biotechnology and Genetic Engineering, Chulalongkorn University

Organized by:
Thai Society for Biotechnology (TSB)
