

**Prof. Dr. Ir. Peter Georges Madeleine Bossier**Faculty of Bioscience Engineering, Ghent University Belgium

# **GENERAL INFORMATION**

Birthday/place: December 22<sup>nd</sup> 1958, Brugge, Belgium

Nationality: Belgian

Work address: Lab. Aquaculture & Artemia Reference Center

Fac. Bioscience Engineering, Ghent University

Coupure 653, 9000 Gent, Belgium, Tel: 09 264 37 59, fax: 09 264 41 93

email: peter.bossier@ugent.be

## **EDUCATION**

1976-1981 Faculty of Bioscience Engineering, Ghent University (UGent), Belgium.

Diploma: Agricultural engineer, Specialisation: applied hydrobiology with special

emphasis on water treatment processes.

## **CURRENT EMPLOYMENT**

At the Lab. Aquaculture & Artemia Reference Center, Fac. Bioscience Engineering (Ghent University). From Oct 2002 onwards, Professor. Since Oct 2013, Head of Department of Animal Production and the Lab Aquaculture & Artemia Reference Center, Ghent University

## Teaching (International course "Master of Science in Aquaculture, Ghent University)

## **Courses**

- Aquaculture genetics; Disease in Aquaculture; Aquaculture and the environment; Farm Management Training; Management in the Aquaculture Industry; Algal culture; Microbial community management in aquaculture

## Master/PhD thesis supervisor

- On average 10 MSc thesis on a yearly basis; Finished PhD thesis: 47, Ongoing PhD thesis: 10

### Research

- Current research area: host microbial interactions and genetics in aquatic animals with a focus on larviculture
- Publications: 325 Web of science listed publications
- Citations: H-index: 49, average citation: 28 per item
- Editor of "Aquaculture" Journal since 2017
