

Prof. Dr. rer. nat. Corinna Dawid

Technical University of Munich, TUM School of Life Sciences, Germany

Prof. Dr. Corinna Dawid holds the professorship for Functional Phytometabolomics, is deputy head of the Chair of Food Chemistry and Molecular Sensory Science and deputy director of the Bavarian Centre for Biomolecular Mass Spectrometry at the Technical University of Munich in Germany. After her studies of food chemistry at the University of Münster, and her PhD and Postdoc phase in the group of Prof. Dr. Thomas Hofmann at TUM School of Life Sciences she performed a research stay at the Chulalongkorn University in Bangkok. Back in Munich, she finalized her habilitation and became a professor at the Technical University of Munich. Moreover, she is part of the TUM-Create initiative “Proteins4Singapore” since May 2022 in Singapore, in which she helps to mitigate off-flavor notes of several proteins and foodstuffs. In sum, she was awarded several prizes and fellowships and published more than 90 publications in Q1 journals.
